

Brand Guidelines

Logo Style Guide

To start with, the vertical name 'NEBULAE' is written in tory blue color and aligned horizontally in upper case. The tagline mentioned below it is aligned centrally to the name and is given the same color as the brand name.

Logo Containment Zone

Clear Space

Minimum Size

For Print

For Digital Platform

The logo should be placed in such a way that a space equal to half of the logo height is left out from its boundaries, for ensuring better comprehension and visibility. This exact expression is what a clear space is all about.

While using the logo either on print or on a digital medium, special emphasis needs to be put on its bare minimum size and the same should be adhered to, strictly.
