1.Introduction

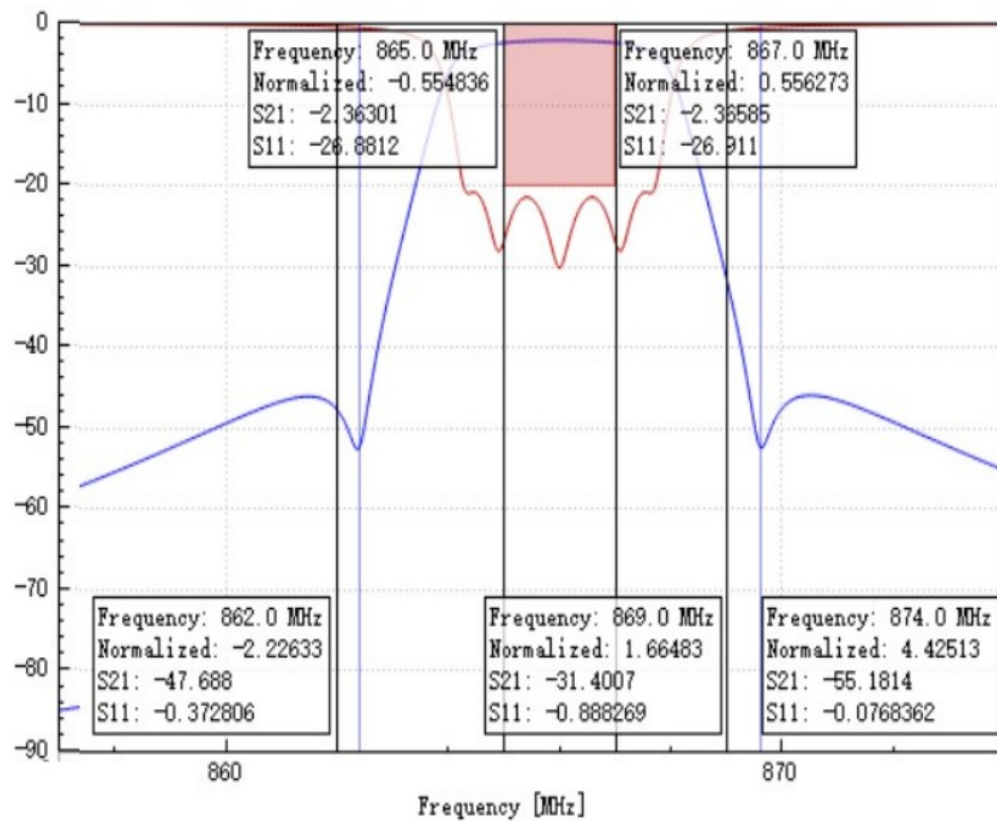

- **Part Number:** ATL0003
- **Description:** Band Pass Filter for 865 MHz applications
- **Feature:** Supports IN region ISM Radio Applications
 - Low Insertion Loss
 - Low Pass-Band Ripple
 - High Ultimate Attenuation
- **Weight :** 630 gm

2 Electrical Specification

Description	Minimum	Typical	Maximum	Unit
Pass Band	865	-	867	MHz
Impedance		50		ohm
Insertion loss		2.5	3.0	dB
Max VSWR		1.25		dB
Max Ripple		0.2		dB
Power		2		W
IP grade		IP67		
Rejections	35dB @862MHz			
	28dB @869MHz			
Connector type	N-type male to N-type Female			
Temperature	-30		+70	°C
